The **CDL Skills Test** has three parts:

1. The **Pre-Trip Inspection** is described in Part 3, Section 10 of the *CDL Manual*. It is important that you can demonstrate this inspection to the examiner by pointing out and naming the parts of the vehicle.

Note: If the vehicle has air brakes, you are also required to demonstrate the air brake test described in Part 3, Section 10 of the *CDL Manual*. If you are testing a combination vehicle, you must be familiar with Part 2, Section 6 of the *CDL Manual*.

2. The **Skills Test** involves the following maneuvers:

- ☒ Pre-Trip inspection
- ☒ Air brake
- ☒ Forward and back through an offset alley
- ☒ Parallel parking (conventional)
- ☒ Parallel parking (sight-side)
- ☒ Alley dock

3. The **On the Road** portion of the test begins immediately following the successful completion of all parts of the off-street skills testing maneuvers. This portion involves driving through various traffic and road conditions to evaluate your judgment, control, and safe operation on the street, as well as your ability to start, stop, shift, turn competently, and obey all relevant rules of the road.

All parts of the test must be successfully completed to pass the CDL Skills Test.

Canceled Road Tests

The Registrar reserves the right to cancel and recall any license if it is later determined that the licensee did not meet the minimum legal requirements for the road test.
